METALCRAFT
CUSTOM LIGHT DISPLAYS & FABRICATION

Large angels wings and colorful cone trees were part of our new displays for *A Christmas Wonderland 2023* at Rondele Ranch.

WHO WE ARE

What began with some modest Christmas decorations has grown into an annual display of over one million lights spread out across the landscape of Rondele Ranch.

With an expanded shop and new equipment for bending, cutting & welding steel, we're now poised to offer custom metalcraft service to others.

- Years of experience in taking imaginative designs and creating magical lighted displays
- Skill and experience in running metalcraft business
- North woods residents committed to quality and ready to serve

LEGACY QUALITY

- Creative distinction
- MADE IN USA
- Heirloom pieces built to last
- Ability to craft steel or aluminum
- Shot-blasted and powder-coated for lasting finishes
- High quality LEDs on lighted projects
- Creative design service
- Serving the Northwoods on Cnty Hwy K in Harshaw

Custom crafted fire ring with vertical rotary grill—shot blasted & high-heat 1300 degree black powder coating (shown with optional folding countertop). Components available separately.

CUSTOM SERVICE

Metal fabrication and light displays tailored to your unique vision for your residential property, community or business.
