The basket measures 10" across and 15" in length and the handle height is 14". It is made with a sturdy handle that forms a strong bottom so it can hold the weight of wood, magazines or newspapers. I normally weave this basket with 3/4" flat reed, but we will be using 5/8" reed for the spokes and the weavers because it is a little easier for a novice basket weaver.

Supplies to Bring: (not included in basket kit)

- Clothespins (clip type)
- Ruler
- Soft tape measure
- Scissors
- Spray bottle for water
- Awl
- Pencil with good eraser
- 2 hand towels

**Raegan's opens an hour before
the class to meet class mates and
socialize. FREE to come and watch!**
